SCRIPTURE SCRIPTURE CONTROL OF SCRIPTURE

Now the Spirit speaketh expressly, that in the latter times some shall depart from the faith, giving heed to seducing spirits, and doctrines of devils; Speaking lies in hypocrisy; having their conscience seared with a hot iron:

speaking lies in hypocrisy; having their conscience seared with a hot iron:

Forbidding to marry, and commanding to abstain from meats, which God hath created to be received with thanksgiving of them which believe and know the truth.

For every creature of God is good, and nothing to be refused, if it be received with thanksgiving;

For it is asanctified by the word of God and prayer.

If thou put the brethren in remembrance of these things, thou shalt be a good minister of Jesus Christ, nourished up in the words of faith and of good doctrine, whereunto thou hast attained.

But refuse profuse and old wives fables, and exercise thyself rather unto godliness.

For bodily exercise profitch little: but godliness is profitable unto all things having promise of the life that now is, and of that which is to come. This is a faithful saying and worthy of all acceptation.

For therefore we both labour and suffer reproach, because we trust in the living God, who is the Saviour of all men, specially of those that believe.

asked to read a brief notice on education and the war, which follows:

"Teachers, the southwest looks to you to give its youth the right educational standards so their citizenship will be sune. The United States has entered the war in defence of those democratic principles which education has made possible. But in the last analyses, as Burke says. Education is the chief defence of Democratic nations. This war shall destroy the last barriers of tyranny and autocracy and true education will spread over the world and make for liberty and permanent peace. The ideal of the El Paso summer normal is to make the teacher of the southwest.
